AVANTGARDE 52"

TOP LEDGE

Internal ribbing offers:

- optimal liner and steel wall support
- enhanced stability ▼

Outer face

Inner face

TACKING SYSTEM

A system that welds upper and lower top ledge sections to better resist warping under weight

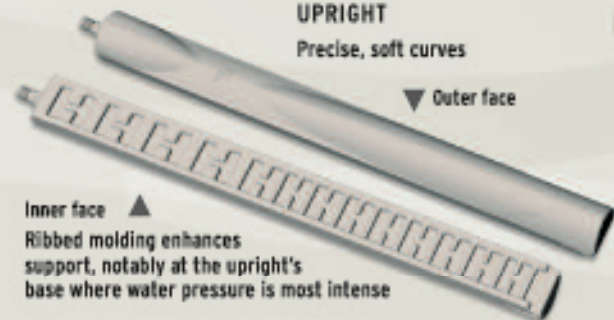

UPRIGHT

Precise, soft curves

Outer face ▼

Inner face ▲

Ribbed molding enhances support, notably at the upright's base where water pressure is most intense

BASE CROWN

A double-lock system around the bases of the uprights provides increased strength and solidity, as well as double protection that keeps joiner plates fixed and firm

WARRANTY

60 Years: 5 Full Years + 55 Pro Rata

INDEXING SYSTEM

Insertion of pins in the appropriate anchor points, according to the dimensions desired

- System reinforces structural stability
- Parts assemble for perfect cohesion
- Regular and round contours

EZ-LOCK SYSTEM

- A system where the assembling piece is the tool
- Fast and easy installation
- Airtight adjustment

UPRIGHT

- Screwless, monocoque system
- Modern and innovative style

SLIDE-IN JOINER PLATE

- Easy and fast installation due to insertion system integrated in upright design
- No screws necessary
- Maximum water-pressure resistance through a mechanism that prevents plate movement after insertion

TOP LEDGE

- Precise modular assembly
- Integrated ledge cover
- Curved internal rib adjustable to all types of liners

WALL CHANNEL

- Oversized rail for more wall stability
- Easy to install and 100% rust-proof
- Wall clip permits greater stability with ground shifts
- Built-in drainage slot allows easy water evacuation

WATER SAFETY

The purchase of an aboveground pool provides years of pleasure and fun, but it also involves water safety. Although we cannot supply a full-time lifeguard, we strongly recommend that you implement the following safety rules. These will help provide a pleasant atmosphere for you and your family.

- NEVER jump or dive in an aboveground pool.
- Maintain constant adult supervision when children are in or near any body of water.
- Read all of the safety, installation, and maintenance information contained in the instruction manual and Water Safety brochure before you start installing your pool.

- Ask your city about any specific rules and regulations that apply to aboveground pools.
- Follow the instruction manual and maintenance instructions.
- Never remove applied or posted safety stickers or signs from your pool or pool area.
- Barriers to prevent unsupervised access especially by young children, should be built, installed and checked on a regular basis to ensure they are in good working order.
- Inspect your pool, barriers, alarms, and other related equipment on a regular basis in order to ensure they are in good working order and that they are safe.

The installation, maintenance and safety manual contains detailed tips and recommendations. They must be read, followed and applied on a regular basis, as they will prevent unnecessary accidents and will ensure many summers of pleasant, safe family fun.

SWIM SAFELY AND STAY SAFE

Manufactured for Pool Corp by Trendium Pool Products Inc., 7050 St-Patrick Street, LaSalle, Quebec, CANADA H5N 1N2. The dimensions, weights, illustrations and other specifications are approximate. The company reserves the right to modify and/or discontinue without notification any feature in any pool model.
